YOKO = sunshine child

WELCOME TO YOKO VILLAGE

The future of remote working & healthy living

Located in Santa Teresa, Costa Rica, YokoVillage is a uniquely designed, co-working community, created specifically to cater to the needs of remote workers and their families looking to escape city life in exchange for a relaxed, less stressful and more productive lifestyle. What was once just a notion, has now become the new reality for many workers around the globe as remote work, or working from home (WFH) becomes the new norm. With this in mind, **YokoVillage** is offering a rare opportunity to own a piece of paradise while investing in the future.

With exclusive lots and select villa designs, the Village offers affordable options with a variety of ownership choices. The community comes fully equipped with all the amenities and facilities necessary to maintain a healthy, well-balanced, co-working lifestyle.

THE LOCATION

Why Santa Teresa

Situated in one of the world's 5 'blue zones', Santa Teresa enjoys a very bohemian, laidback lifestyle boasting an incredible array of beaches, jungle and wildlife. Considered to be a Blue Zone community, local residents have tapped into the secret of longevity and healthy living in this multi-cultural piece of paradise.

Costa Rica is considered one of the most eco-friendly countries to live, running entirely of renewable energy. The lifestyle is centered around clean living with a particular emphasis on the environmental protection of the country's diverse eco-systems and abundant resources. Eco tourism is the basis of Costa Rica's tourist trade which is evident in the natural preservation of the land.

As an extra incentive, Costa Rica allows real estate investors of \$150,000 + to apply for permanent residence, making the notion of moving to paradise an attainable goal.

The Village Community

The **YokoVillage** community is a balanced mix of freelance artists and creators, digital nomads and creatively inspired entrepreneurs, resulting in a big expat community of like-minded people. The sense of community is an important factor in the well-being of Yoko residents. As such, the Village was designed to promote a healthy, well-balanced lifestyle, while meeting the professional needs of remote workers looking to move to paradise and remain connected.

Communal Amenities:

- Community center
- High speed internet (throughout the Village)
- Hi-tech community co-working center & office space
- Olympic size pool
- Yoga deck
- Gym
- Organic farm
- Edible forest
- Communal garden
- Communal restaurant

YokoVillage is a secure, gated community with full-time security, onsite maintenance and high-speed internet access throughout the Village. All common areas, co-working spaces, facilities, roads and communal gardens are maintained year-round by management and are included in the monthly HOA fees. Residents also receive basic residential villa maintenance. HOA fees are based on the square footage of each property and rates are reviewed yearly.

'YokoVillage is centered around the well-being of its residents while focusing on building a creative and productive co-working community. We understand the business needs of remote workers, providing a perfectly balanced work, home environment'
